

State Vaccine Store BI

Regional Vaccine Stores

B District Vaccine Stores

606 Cold Chain Points

1,05,970 Session Sites

The cold chain system in Bihar consists of 1,946 working cold chain equipment.

Walk-in Freezers

17 Walk-in Coolers

1,039 Ice-Lined Refrigerators

887 Deep Freezers

#### Sources of data:

- Live data from Electronic Vaccine Intelligence Network (eVIN), as accessed in July 2017.
- eVIN Preparatory Assessment Study, conducted by UNDP in year 2016, with updates provided by the state in 2017.

# **BIHAR**

The Universal Immunization Programme in Bihar aims to immunize a target population of **30.8** lakh children and **32.6** lakh pregnant women, every year.

The human resource network manage vaccine logistics in Bihar consists of 48 vaccine store keepers and 606 cold chain handlers, to manage the vaccine logistics. They work under the guidance of the State **Immunization** Officer. **District Immunization** Officers and Medical Officers in-Charge.

The Electronic Vaccine (eVIN) Intelligence Network has been implemented across all the vaccine stores and cold chain points of Bihar. eVIN has capacity-building facilitated of all vaccine store keepers and cold chain handlers in the state through 45 batches of training programmes on eVIN, during the last two quarters of 2016. eVIN equipped them with standardised stock registers and smartphones to digitise the vaccine stocks. The entire vaccine logistics data in Bihar is now digitised and real-time data is available for informed decision-making.

# A

## **Vaccine Supply Network**

The state vaccine store located at Patna, caters to the entire vaccine supply in the state through the regional vaccine stores and district vaccine stores. These DVSs supply vaccines to the cold chain points located at the sub-district level. The CCPs further provide vaccines to the session sites.

## **Dry Stocks**

The supply of dry stock in Bihar follows a separate route from the vaccines until it reaches the district vaccine stores. The state dry stock store is supplied with auto-disabled syringes of 0.1ml, and 0.5ml and disposable reconstitution syringes of 5ml, by the manufacturers. The state dry stock store supplies these syringes to all DVSs.

#### **Cold Chain Points**

- Bihar has an average number of 16 CCPs per district. However, there is a wide variation, ranging from 6 CCPs in Arwal to 37 CCPs in Patna.
- 46 per cent of CCPs cater to a population of more than 2 lakhs. 43 per cent of CCPs cater to a population of 1-2 lakhs and only 11 per cent of CCPs cater to a population of less than 1 lakh.

#### **Session Sites**

- On an average, a district in Bihar has 2,786 session sites; varying from 748 session sites in Sheikhpura to 5,286 sites in Patna.
- On an average, one CCP caters to 176 session sites; ranging from 66 session sites catered by Piprashi PHC West Champaran to 470 session sites catered by PHC Harnatarh in district West Champaran. There are many other CCPs in Bihar which cater to 400 or more session sites, namely Sadar PHC Biharsarif (470), PHC Araria Sadar (464), Referral Hospital Raniganj (446), SDH Forbesganj (436), PHC Manjholia (435), PHC Barsoi (424), PHC Narkatiyaganj (421), Refral hospital Pirpainti (417), PHC Surajgarha (417), PHC Hajipur (407) and PHC Kochadhaman (400).
- Majority of the session sites (more than 70 per cent) in Bihar are within the range of 30 km from respective CCPs. However, a couple of CCPs have very distant session sites, such as PHC Chainpur (75), PHC Chakai (70), PHC Ramnagar (60), PHC Motihari (50) and PHC Padarak (50).

# В

## Vaccine Delivery Mechanism

- Around 95 per cent of vaccine delivery from CCPs to session sites is done by alternate vaccine delivery (courier) and the remaining 5 per cent is delivered through other sources.
- Functional vaccine vans are available at all 38 DVSs.
- Three functional vaccine vans do not have drivers associated with them.
- Over 80 per cent DVSs follow pull mechanism of vaccine distribution, based on requisition raised by CCPs. The remaining DVSs supply vaccines as per availability.
- Vaccine supplies from DVS to CCP is on monthly basis, subject to the availability of stocks.

# C Cold Chain Equipment

The immunization cold chain network of Bihar runs on 1,946 working cold chain equipment installed across 654 vaccine stores and cold chain points. These include 3 walk-in freezers, 17 walk-in coolers, 1,039 ice-lined refrigerators and 887 deep freezers.

**Table 1: Working Cold Chain Equipment in Bihar** 

Tune of Store		Type of E	quipment		
Type of Store	WIF	WIC	ILR	DF	
Total	1,946				
Total	3	17	1,039	887	
SVS	1	4	-	-	
RVS	2	13	1	3	
DVS	-	-	165	107	
CCP	-	-	874	780	

Moreover, there are 51 cold chain equipment on stand-by and 134 cold chain equipment under repair. The state does not have any solar equipment.

Additionally, around 600 ILRs and 140 DFs are under the process of procurement by the Government of India for strengthening the cold chain infrastructure in Bihar.

## Non-electrical cold chain equipment

The state has 4,440 functional large cold boxes and 16,608 functional small cold boxes. Around 75 per cent of these cold boxes are currently in use for the transportation of vaccines from stores to CCPs and CCPs to beneficiaries.

#### Stabiliser

- Nearly all the functional DFs are attached with a functional stabiliser and 85 per cent of these are dedicated stabilisers.
- Around 87 per cent of the functional ILRs are attached with a functional stabiliser and 75 per cent of these stabilisers are dedicated to the ILR.

### **Thermometer**

Over 91 per cent of DFs and ILRs have a functional thermometer kept inside them.

# D

## **Human Resource**

- The state has 48 vaccine store keepers and 606 cold chain handlers. The position of cold chain handlers is not vacant at any of the cold chain points.
- There is no dedicated position of cold chain handler in the state and it is an assigned responsibility. In Bihar, around 70 per cent CCHs are either ANMs, MPWs, LHVs or health supervisors.
- Nearly 23 per cent of the CCHs are qualified upto 10th standard, 47 per cent of the CCHs are qualified upto 12th standard and the remaining 30 per cent of the CCHs are graduates or have pursued higher education.
- All the CCHs have received the training for cold chain handler within the last three years.
- All the CCHs have received the eVIN training.
- Cold chain handlers are provided supportive supervision on a regular basis.
